

## S. YEGGS IN PARIS

**MUST SHOW PASSPORTS OR RETURN HOME.**

(Newspaper Enterprise Association.)  
PARIS, Jan. 15.—Paris is ridden with American bandits and the French government has appealed to the American department for aid in chasing them back home.

The State department was to ask Paris police to make every American in the city show his passport; the police could be separated from the bandable Americans.

Most of the American crooks in Paris are deserters from the army or non-seamen who left their ships to reach ports and avoid passport regulations.

"Hard-boiled" Americans are blamed for auto thefts, auto banditry and apartment house burglaries. It is estimated that 400 of them are in Paris.

When they are not "on the job" they are in the gay cafes in the bright section of the city, spending money like gentlemen of leisure.

The Holy Land has changed a lot since the British army, aided by the American Zionist medical unit, started the general clean-up.

Roads are being rebuilt and modernization introduced.

Scenic spots such as the Garden of Gethsemane and David's Tomb have been preserved intact.

## "WOOF!" SAID WOLF

AS HE WENT AFTER MAN WHO THOUGHT HIM ILL

(Newspaper Enterprise Association)  
HELENA, Mont., Jan. 15 — "Don't fool with a wolf just because he looks thin and sick," advises Julius Hendrickson of Hathaway.

Julius ought to know. He has just climbed from a tree where a wolf chased him.

A wolf had been raiding stock. Julius set out poisoned meat.

When he saw a scrawny wolf foaming at the mouth, he thought he had his poison victim.

Julius swung a shovel at the wolf. The wolf dodged, then started for Julius.

"Woof! Woof!" said the wolf. Julius threw the shovel, then started for the nearest tree.

The wolf kept him there for hours. Bounties were paid on 114 wolves killed in Montana last year. Forty-six mountain lions and 10,924 coyotes were killed.

## LATEST NEWS OFF THE TICKET FROM NEW YORK MARKET

(Dow Jones Service.)

The British are to drop their big naval plans, as the expense is found to be crushing.

The Senate has decided to cut the standing army down to 150,000, despite General Pershing and Congressman Wadsworth.

The Nash Motor company earned \$128.79 a share last year and has declared a dividend of \$10. The Pack and company today defer their common dividend.

Thomson & McKinnon stock letter today says: "A serious handicap to the trader this year will be the memory of tremendous market swings which we have become accustomed during the past few years. We will simply have to forget it and we must proceed on the theory that more orderly fluctuations will be the rule for a while. We must expect a good deal of unsettlement in the market by reason of the necessity of various corporations to change financial policies."

There may be others that will have to follow the example established of paying dividends in scrip and there are others that will have to cut their dividends. All this will tend to drive us more or less irregularly and would not follow the market too urgently on the bulge.

### ACTORS ARRIVING FOR LEAD PARTS IN BIG PAGEANT

Dr. J. L. McBrien, the author and director of "The Patriotic of Mt. Vernon" pageant to be shown in all its elaborate splendor at the Auditorium on Friday evening, January 21, brings with him three special actors, besides himself for some of the leading parts not taken by the local people. The characters that will be impersonated by the gentlemen from Washington who have often before taken these parts in the play are:

George Reade delegate from Delaware, a Tory who bitterly opposed the adoption of the Declaration of Independence, J. L. McBrien, George Washington, Dr. H. R. Bonner, an educational specialist of the National Bureau of Education. John Hancock, whose bold signature has been the talk of the world ever since, Prof. J. C. Musman of the National Bureau of Education. Chief of staff of George Washington, Col. M. A. Wenter, from whom Dr. McBrien was able to secure the old flint lock rifles and exact uniforms of the revolutionary minute men, which will be used in the marvelous production to be seen here.

In this entertainment the real scenes of the Continental Congress will be carefully and accurately reproduced with the natural fire and spirit of those stirring and memorable times. There will be those who support the draft of the Declaration of Independence and those who opposed it, as well as the pacifists of those days who stood for its principles, but did not think it wise to adopt just at that time. Washington, Adams and Franklin were among the strongest of the debaters who upheld the draft of Thomas Jefferson, while Reade of Delaware opposed it outright and Robert Morris and John Dickinson opposed its adoption and at that time walked out of the convention. Of course the great climax of the Congress is the passionate address of Patrick Henry, who stirred the hearts of the patriots to immediate action. It promises to be the most elaborate patriotic play ever seen in the South.

### PENINSULA LOCALS

Mr. and Mrs. G. H. Miller of Detroit, Mich., have taken a cottage at 323 Peninsula drive.

L. E. Tenney of Palatka is a caller at the office of the Chamber of Commerce today.

Miss Daisy Twyman of Indianapolis, Ind., is also domiciled in an apartment at the Gibraltar, 366 Ocean avenue.

George M. Gandy and Martin Cramer of Ypsilanti, Mich., have arrived to look over the Triple Cities and are guests of a local hotel.

Arriving at Daytona Beach today were Mr. and Mrs. William T. Carney of Baltimore, Md., and Mr. and Mrs. W. E. Yeach of Stewartstown, Pa. They are guests of the Dixie hotel.

Mrs. Mary Crutcher East received a pleasant surprise yesterday when her friends, Mrs. May Taylor, Lexington, Ky., and Mr. J. K. Christian, McIntosh, Fla., called to see her and invited her to join them in a motor trip to Palm Beach and Miami. They left this morning.

Mrs. S. J. Simpson and Mrs. Newton Ogden of Marietta, Ohio, arrived at Daytona Beach Friday afternoon and are already pleasantly located at 212 Grandview avenue. Mrs. A. M. Griffith of the tourists' headquarters is very thankful to them for their prompt registration.

An auto party consisting of Mrs. Mary Crutcher East of Lexington, Ky.; Mrs. F. V. Taylor of Nicholasville, Ky., and the latter's brother, J. K. Christian of McIntosh, Fla., expected to leave in a day or two for an extended trip which will include Palm Beach, Miami, Tampa, St. Petersburg, Lakeland and other west coast and central state points.

### "Contrary Mary" a Scream; Was Ably Played by Students

The presentation of the three act comedy, "Contrary Mary," by the Alpha Phi Dramatic Fraternity of the Stetson university students at the Auditorium Friday evening was considered by the large audience present as one of the finest amateur productions ever presented locally. The students showing the result of excellent directing by Prof. Irving C. Stover of that college faculty.

Beatrice Tanner, as Teresa Murphy, a privileged cook, was a scream, to say the least. Her excellent depicting of the part of an Irish maid, who took it upon herself to guide the destinies of the newly married couple, showed talent far beyond the average, which, with her make-up, formed the "life of the party."

Marjorie Bryan, as Mrs. Mary Erwin, new Trowbridge, carried the heavy speaking part of the play, and had a chance to display acting ability which was excellent. Louis Lester, as her husband, John Erwin, a successful business man, was also excellently cast for the part, as were all the characters of the amusing comedy.

Lucille Jackson, as Miss Jones, a dressmaker; Lucille Jackson, as Barbara Drew, Mary's friend; Russell Rasco, as Mary's father; Marion Colard, as Juno Jerguson, a janitress, "who ban a Swede"; Wendell Rasco as the wealthy purchaser of art, Mr. Fairfield-Fairfield Stevens, and Glynn Rasco and Theo Hon as the drayman and delivery man, made up the cast, which was chosen with an eye toward natural talent, which went to make the play a great success.

The musical feature of the program was furnished by the Phi Beta Psi orchestra of Stetson, with Herman Turner as director, which shows excellent training.

The story of "Contrary Mary" is the story of the first real quarrel of a happy young married couple, the wife having been, before her marriage, what she supposed a successful artist. During the quarrel their mutual friend, a lawyer, intervened in behalf of both, and as an unexpected result, met, fell in love with and married Mary's friend, also an artist.

Because her husband forbade it, Mary set up her studio, with the help of the faithful Murphy, the cook, but things did not run smooth for either, and a final reconciliation followed, although Murphy did her best to prevent it.

Mary's father, whose wife was in Asia, had accepted the opportunity to break over the traces, much to his final displeasure.

"Contrary Mary" proved an exceptionally entertaining number of the regular season course, and the management of the Auditorium as well as those who took part in the play are to be congratulated upon the choice of the play as one of the attractions for the course.

### PROMISES TO USE INFLUENCE, BRING HARDING TO CITY

Yesterday morning President R. S. Holmes of the Open Forum and his guest, Dr. J. L. McBrien, the leader and director of the National Educational conference, to be held at the Auditorium next week, paid their respects to United States Senator Albert B. Cummings, who is a guest at the Princess Isabella hotel.

They called to request the Iowa statesman, who is to be a member of the Harding-Frelinghuysen Florida party, to use his influence in inducing the president-elect to make it a point to visit the Triple Cities at the time of the Educational Conference. Senator Cummings, who is always a courteous and cordial gentleman of the old school, was pleased to give his callers all the encouragement he possibly could. He will probably meet the Harding party in St. Augustine early in the week.

It is reported that Senator Frelinghuysen's boat which will carry the distinguished party in its cruise of southern waters, is already anchored at St. Augustine and that the New Jersey senator will reach there on Monday. It is expected that President-elect Harding will go by rail to St. Augustine, direct from Marion, by way of Cincinnati, where he will meet his host and other members of his party.

U. S. Shelley has donated four fine croquet balls for the new playgrounds for the women, so that as soon as they are ready the gentler sex can begin playing. Some little more material is needed before they can be put in proper shape. The second men's grounds are all finished, the new balls arrived yesterday and it was as busy as the Number One grounds. ### New Electrical Fire Alarm System Arrives at Beach

Chief W. E. French of the Daytona Beach fire department reports the arrival of the electric siren, the new electric fire alarm system. It appears to be all right and exactly as ordered. This completes the demands of the chief in order to give the Beach a real effective fire fighting apparatus.

As yet Chief French has not found any owner of a high building who will allow the new equipment to be put on top of his structure. In order for this new alarm to give satisfaction it must be located as high as possible in the highest building in the city, and the chief thinks it should be placed at an elevation of at least 35 feet. It may be necessary, in case no other suitable place for it can be found, to erect a temporary tower over the fire headquarters for the purpose. This matter will probably be taken care of at the next meeting of the council.

At the corner of Atlantic avenue and Harvey street a new hydrant has been placed to take the place of the one taken out at the time of the street improvement. Chief French is much pleased at this action, as it was needed.

### INTERESTING PROGRAM AT PENINSULA CLUB

The regular meeting of the Peninsula club was held at the clubhouse on January 13. Mrs. Ransdell, the president, presided. Mrs. Albert Diem was hostess. There was an unusually large number present.

The club was especially favored in having the state president of Federated Clubs, Mrs. McCullum, present, who gave an inspiring talk upon the present and future aims of the clubs and all women who are interested in the betterment, not only of their sex, but the community at large.

Mrs. Munroe read a very instructive and comprehensive paper upon "The English Drama," and Miss Alice L. Twitchell followed with one upon "Shakespeare's Heroines."

Mrs. Elizabeth Cochran of Steubenville, Ohio, famous as the old home of Edwin M. Stanton and the center of the pottery operations of the North, arrived yesterday and found an apartment at the Beach.

Mrs. Ella Light of Endicott, N. Y., who has been quite ill for several weeks, is sufficiently improved that she has been removed from the hospital to her apartment at 219 Hollywood avenue.

### DR. MCBRIEN TO BE FORUM GUEST, SPEAKER SUNDAY

At the Open Forum session in the Auditorium at 3 o'clock Sunday afternoon Dr. J. L. McBrien of the National Educational Bureau at Washington, D. C., will be the orator of the day. He will discuss the subject, "American Citizens of Tomorrow and the Day After."

He will advocate in strong terms the Americanization of every person living in this country, whether they were born here or somewhere else. He will take the position that it is not only the foreign born who need to be Americanized. He will not oppose admiration for other nations, but will demand more love for the United States. He will put this question with great directness. Have you had enough of America? Those who have he will contend, should return to the land they like better and the sooner the better. Those who are talking about a more free or a better country than this do not belong here and should get out with all possible haste.

Dr. McBrien looks like an orator and is said to make use of much of his dramatic ability in his platform work. It is believed his address will be full of meat and pep and President Holmes of the Open Forum, who will introduce him to the audience, desires a fusillade of hot shot from the audience, in the way of direct and pertinent question as soon as Dr. McBrien has finished his main address. The latter will gladly answer all questions, and as he is particularly well posted in the condition of every state in the union from an educational point of view, it will be a rare opportunity for those interested to secure some startling facts.

## Senator Cummins Greatly Pleased With Visit Here

Senator Albert B. Cummins, of Des Moines, Iowa, who is a guest at the Princess Islena, said to a representative of the News, that there had been no change regarding the plans of President-elect Harding as to his southern trip. The senator, true to his original plans, will meet the presidential party in St. Augustine. He will be at the Princess Islena until the latter part of next week, when he will leave for that city.

Senator Cummins said he was very much enjoying his stay in the Triple Cities and that his health had been improved. He finds the climate wonderfully invigorating and healthful and says there is no other beach in the world like that of Daytona Beach.

He was asked whether he preferred the beach cities to Daytona and said that was a matter upon which he would not commit himself; that they were all charming and the beach was as different from the shaded beauty of Daytona as though it was in an entirely different country.

He was asked whether or not the Harding party would visit Daytona and the beach and he said he did not think there was any question about that; that they were to spend some time on the houseboat of Senator Frothingham and that they could not very well help passing these cities and he thought there was no question about their stopping for a brief visit, at least.

Senator Cummins expects to enjoy the games on the golf links while here.

Senator Cummins introduced in the Senate the famous Cummins-Esch bill and this bill met a storm of opposition by the laboring people and labor unions because of a clause providing that strikes on railroads be prohibited; but that a board be formed to provide that railroad employees have a fair and just wage and proper working hours and conditions. Those favoring this clause felt it to be an injustice to tie up the country by strikes, endangering the food and fuel supply of the entire country and bringing about many great losses and inconvenience to innocent people. In conference this clause was modified in the bill as it passed the Senate. Senator Cummins had a hard fight for his nomination and election but won a tremendous victory and was re-elected by a majority three times greater than he had ever before carried.

J. S. Esch, of Wisconsin, "fathered" a railroad bill in the House which did not carry the strike clause. He was defeated for renomination, due, however, to the strong liquor opposition to him in his own state.

Regarding the recent flurry between the United States and Japan caused by the killing of Lieut. Langdon, Senator Cummins said it would seem that the United States was entitled to an apology from the Japanese government, but he said there was no probability of its leading to any serious diplomatic trouble.

The Triple Cities are as greatly honored in having Senator Cummins as their guest as they would be by having President-elect Harding or any other man in the world. Until the recent nomination of Senator Harding for president, which was brought about by the uncertainties and machinations of politics, Senator Cummins was a better known man and one whose opinion and ideas in public matters carried far more weight. Four years ago Senator Cummins was very near to the Republican nomination for president and the country would have honored itself in honoring him.

## Dixie Five Meets National Guard at Armory Floor at 8

The Dixie Five, the newest team in the Jacksonville City league, will arrive in Daytona early this evening, for a game at the Armory with the National Guard quintette, which promises to be the fastest and most interesting basketball game of the season.

The Dixie Five is but a new name for the Catholic club of Jacksonville, that club having withdrawn from the Jax League on account of the kibosh put on athletics at that club.

Then members of the team, however organized under the name of the "Dixie Five" and retained their membership in the league, the same persons of the team being maintained which won the championship of the state last year. Every man on the visiting team is a star, and the struggle tonight will be an exceptional one.

The National Guard boys have been at work the past week preparing for the big game tonight, and believe they will give the champions a run for their money.

A return match will be played in Jacksonville in several weeks. The game this evening will commence at 8 o'clock when one of the largest crowds of the season will be present.

The announcement of the engagement and coming marriage of Miss Marion Edna Mabbette, daughter of Mrs. I. M. The marriage will be solemnized in the early summer.

Mr. de Kosciuszka Wolski, who is a member of an old Polish family of Siennow, Galicia, Poland, served with honors as a Lieutenant in the French army during the World War, going over from his home in Mount Dora, where he has resided the past ten years.

Of pleasing personality, and with attractive mannerisms inborn for many generations, he has many friends in the state who are joining in congratulations upon his coming marriage with Miss Mabbette.

### HAWKS PARK GETS THE KEEWATIN INSTITUTE

The Keewatin Military Institute facility, pupils and attaches, no longer will make St. Augustine their winter home, but will be having been packed up and the school removed to Hawks Point, near New Smyrna, where the institution wintered before coming to St. Augustine some years ago. There is no regret expressed locally at the departure of Keewatin. It is understood the new Flagler hospital will make use of the property and the sentiment here seems to favor the development of the place by the hospital rather than a further encroachment of the school—St. Augustine Record.
